

NABA Annual Education Day September 24 – 25, 2021 Sponsorship Opportunities

NABA Helps Collision Repairers Shape Their Future

Nebraska Auto Body Association (NABA) is determined to promote a culture that inspires better business practices in a safe working environment, enabling an OEM specified quality repair process that benefits both the repairer and the consumer. We believe it to be our duty to create an atmosphere where collision professionals, as well as consumers, can communicate in an open forum geared toward a common goal...to educate, lead and succeed together.

Meeting the Challenge

The Nebraska Auto Body Association offers insight, education and more to help collision repairers. This association has a history of active industry involvement and recognizes the dramatic shift in our future. New technology, autonomous driving modules, new repair materials, specific training, insurance company restrictions and important OE Certifications are recognized by this association.
